

REMARKS

Claims 66-68 and 93-97 stand allowed.

The priority claim is corrected. Cancellation of the withdrawn claims establishes that the remaining claims are drawn to an invention that was not elected in the parent application. Therefore, this application is a division of Appln. No. 08/832,443.

Applicants submit that the claims remain allowable for the reasons of record. Early issuance of this patent is earnestly solicited. The Examiner is invited to contact the undersigned if any further information is required.

Respectfully submitted,

NIXON & VANDERHYE P.C.
